Highlights of recent I-Ways issues

- Government Interoperability Frameworks for Asia-Pacific
- Citizen Services Rank High in E-Government Survey
- Korea's E-Government Should be Replicated
- Municipal and Regional Governments Endorse Strong E-Gov

Aims and Scope

I-Ways; Digest of Electronic Government Policy and Regulation is dedicated to publishing facts and analysis on strategic developments and opinions of leading organizations and experts on economic, policy, regulation and applications of electronic government services over the Internet and other communications networks. ICT infrastructure and services, required for the delivery of E-Government programs have become global, strongly supported by international organizations, national governments, NGOs and others promoting social and economic development. I-Ways will be reporting on major developments providing source details.
